### Spokane Convention Center Wireless Buyout Pricing

#### **SPFD Public Wireless Service**

56kbps wireless service is always complimentary to all guests at the Spokane Convention Center. Users may also purchase higher speeds at rates between \$1.00 and \$1.50 per hour as desired.

Should Events desire to "Buy Out" high speed wireless for all attendees, the following rates shall apply:

Speed	Number of Attendees					
	100 or less	100-200	200-400	400-600	600-800	800-1000
128kbps	\$480.00	\$960.00	\$1,920.00	\$2,880.00	\$3,840.00	\$4,800.00
256kbps	\$720.00	\$1,440.00	\$2,880.00	\$4,320.00	\$5,760.00	\$7,200.00

Once a speed has been chosen, a group username and password will be given to the event planner to be distributed to attendees. Billing will be based on the number of unique devices associated to the assigned username and password.

The quality and condition of individual wireless devices varies so widely that the Spokane Convention Center can not guarantee the connectivity of every single device and every attendee. Limited support will be provided to assist attendees should they experience difficulty connecting.
